

# MSU TRAINING RACE

## Saturday, April 17

Presented by the MSU Cycling Club, and by our sponsors:

### Lewis & Clark Caverns Training Race (\$10/rider)

**Race Registration:** Registration is on Saturday from 8:30 - 9:30 at the turnoff to the Lewis & Clark Caverns State Park.

**Course Description:**

A 33-mile loop through rural Montana landscape. Majestic views as riders traverse the rolling hills and narrow river canyons. All riders finish on a grueling 5 km, 1100 ft climb to the top of the Lewis & Clark Caverns.

**Start Location:** Junction Highway MT 2 and L&C Caverns Road

**Start Times:** 10:00 - Open A (70 miles, 2 loops)  
10:05 - Open B (37 miles, 1 loop)

**Category Suggestions:** Open A: Men Cat 1/2/3, Master's A  
Open B: Men Cat 4/5, Master's B

Women are welcome to join either field, although most will find Open B more suitable. If enough numbers allow, a separate category may be created.

**Prizes:** No monetary prizes will be awarded since this is a training race. However, delicious prizes will likely be awarded to top finishers.

**Note:** This race is held in conjunction with MSU's collegiate race, The Bobcat Classic, as a fundraiser for the club. As such, primary consideration will be given to collegiate riders when providing support. We will attempt to at least provide a wheel car to promote a better racing experience. Racing will occur simultaneously with the collegiate race, and while attempts have been made to avoid overlaps, we ask that you do not interfere with the collegiate riders.

Thanks for your support, and we hope you enjoy our race!
