**August 4th** - The new leg of the race is a 40 mile road bike race through the Stillwater Valley. This day's activities start at Montana Jack's in Dean, Montana. Racers head east on a mostly downhill course to Fishtail, Montana. Once in Fishtail its back up to Dean and past the starting line. After a short Category 5 Climb racers rocket down into Nye, Montana and into the Stillwater Drainage. At mile marker 30 its back towards Dean with the final climb of the day. This 4 mile Category 3 climb will either be a great place to drop the pack, or feel the lead in the legs.

**August 5th** - The climb that started it all. Recently named one of the 5 top Bike Climbs in the Nation, the Beartooth Pass is a once in a life time kind of a ride. This day's activities will start at Rock Creek Resort, located 6 miles south of Red Lodge, Montana. Racers will leave in 30 second intervals in a Time Trial Format. This Category 1 climb rises up over 4700 feet during its span of 23 miles. So you better enjoy the 66 feet of descending that you get at the starting line. The race ends at the West Summit of the Beartooth Pass.
